- JavaScript
- TypeScript
- Next.js
- PHP

PROFILE

I am a backend developer focused on building reliable, efficient, and secure systems. With experience in developing application architectures that support the needs of modern applications, I possess strong technical skills in various backend technologies. With a dedication to innovation and technology development, I am ready to make a tangible contribution to the software development world.

WORK EXPERIENCE

FSI UNJANI   2 August - 14 August 2023
